

# Lincoln: The Laurels

Neurological Rehabilitation Centre

Opened in 2014, The Laurels provides specialist transitional community rehabilitation services in north-east Lincoln.

The Laurels offers accommodation for 12 residents - 11 single, en-suite rooms and one studio apartment.

The team at The Laurels is supported by an interdisciplinary team of rehabilitation medicine consultants, neurologists, a neuropsychiatrist, neuropsychologists, physiotherapists, speech and language therapists and occupational therapists.

There is a garden, training kitchen and a therapy room. A lift to all floors allows wheelchair access throughout the unit.

The Laurels is two miles from Lincoln County Hospital and there is easy access to local amenities, occupational and education resources, social and leisure activities and the GP practice.

The centre is within walking distance of the city centre and Lincoln College where residents can use the hydrotherapy pool. Residents can become members of the local sports facility which provides a full range of activities to aid rehabilitation and they can be supported to attend the local college.

## Dr Salwa Ahmed

MBBS & FRCP

Consultant in Rehabilitation Medicine and Lead Consultant at The Laurels.
