

Oxfordshire: Orchard House

Neurological Rehabilitation Centre

Orchard House provides specialist transitional community rehabilitation services in the village of Harwell in Oxfordshire.

There is a range of accommodation including eight en-suite rooms, with one studio apartment to allow for more independent living.

The Orchard House team is supported by an interdisciplinary team of rehabilitation medicine consultants, neurologists, a neuropsychiatrist, neuropsychologists, physiotherapists, speech and language therapists and occupational therapists.

The centre is wheelchair accessible throughout, with a training kitchen available for residents, therapy room and garden with large patio area.

Harwell has a range of shops, clubs, sports facilities and a church within walking distance. Orchard House is just two miles from Didcot, where residents can access a range of social, leisure and educational activities including the college.

Dr David Henderson-Slater

MA (Cantab), PGCE, MB ChB, MRCP, MRCPsych, MPH, MA (London)

Senior Research Fellow at the University of Oxford and Consultant to Orchard House.
