

Bedford: Park House

Neurological Rehabilitation Centre

Park House provides specialist neurological community rehabilitation services in Bedford.

Opened in 2011, Park House is a Headway Approved Provider. The centre is located next to Bedford Park near the centre of town, with easy access to many local amenities, occupational and education resources, as well as social and leisure activities.

With a strong focus on therapy, care and quality of life the team is supported by a Rehabilitation Consultant, Neuropsychology, Speech and Language Therapy, Physiotherapy and Occupational Therapy.

The services at Park House include; neurological rehabilitation, stroke rehabilitation, rehabilitation and management of progressive neurological conditions and long term maintenance.

The accommodation comprises 11 wheelchair accessible bedrooms with large bathrooms, four of which are well equipped as transitional bedsits, encouraging greater independence.

There is a garden which residents are able to help to maintain and a training kitchen to support rehabilitation.

Staff at Park House are passionate about care and will work with you and your family to obtain the very best outcome from your stay with us.
