active
care
group

Our highly trained teams work with individuals around rehabilitation and enablement, supporting everyone to develop skills and gain independence in a way that suits them.

This purpose-built house has 15 bedrooms with en-suite bathroom and one self-contained flat, as well as two assisted bathrooms, one with bath hoist and flexible height bath and one with ceiling hoist facilities. There is a communal lounge, dining room and conservatory, accessible garden and a separate therapy room with kitchen, for use by service users supported by the on-site occupational therapist.

Located within a thriving local community, people are encouraged to access the wider opportunities both in and around their home.
